**PZ PREFABRICATED STRUCTURES**

DESIGN-LED, VALUE-DRIVEN,  
ENVIRONMENTALLY-AWARE SOLUTIONS

PZ offers innovation and high quality in a range of prefabricated structures that will meet most needs for residential, commercial or public-sector accommodation – whether temporary or permanent.

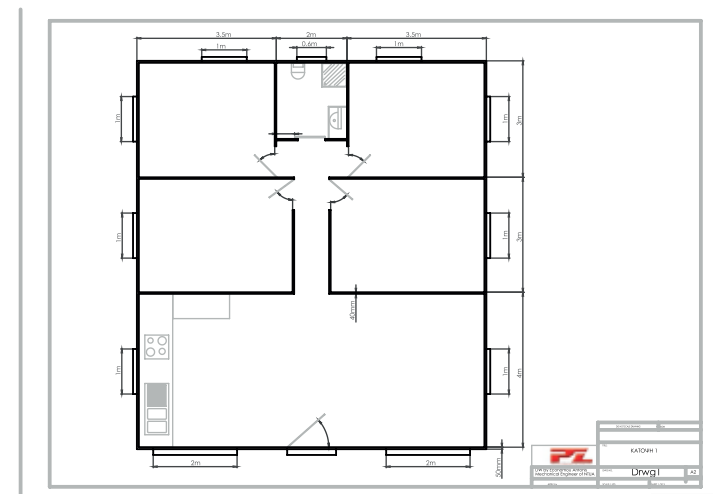

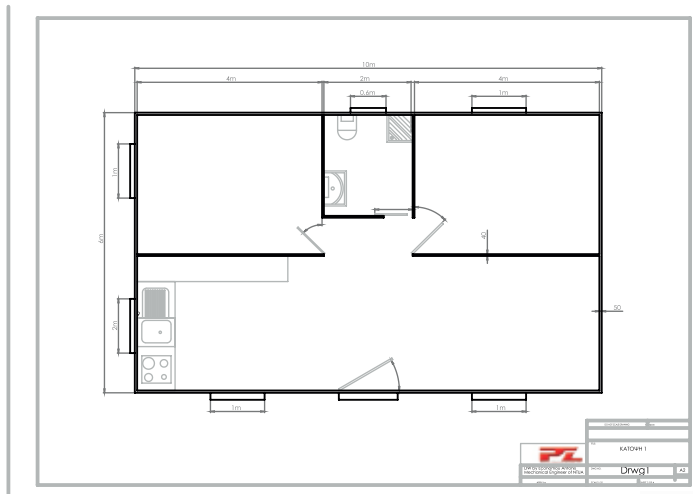

Both in the materials used and in the construction methods applied, manufacturing standards are to the highest levels. Structures are all factory-built to include wiring, power points and light fittings as well as plumbing fixtures, and include the option of complete kitchens. When complete, they are transported to their designated sites for professional installation, either in Cyprus or in selected locations abroad.

PROVEN, EFFECTIVE SOLUTIONS

- Quality materials, quality manufacture
- Fast construction and delivery time
- Eco-friendly construction methods
- Significant cost savings over conventional structures
- Guaranteed end result
- Customised designs available
- Choice of fixtures and fittings
- Easily transportable and easy to relocate

As long as there is road access we will deliver to your designated location.

## PREFABRICATED RESIDENTIAL BUILDINGS

Comfortable living areas that reflect customer tastes combine with practicality and energy-efficiency in the space-saving designs that are offered as standard from PZ's range of prefabricated houses.
